Summary: What if Ichigo got reincarnated as a female dragon, a dragon from Eragon. What if she had a human form. What if she hatched for Russia... Fem!ichigo/Russia Bleach/Eragon/Hetalia/HTTYD crossover

1. Prologue: The Hollow

Hey guys, I hope you like my story. It's only my second one, so no flames ^_^ This is a Bleach/Eragon(or Inheritance Cycle)\How to Train Your Dragon\Hetalia crossover. In the story Ichi and Shiro don't fight as often because Ichi lets him out sometimes.

Ichigo's Hollow's name is Hichigo 'Shiro' Shirosaki, like Ichigo is Ichigo 'Strawberry' Kurosaki. Shiro's a nickname. Ichi also got a little better at sensing spiritual pressure.

Prologue Part 1: The Hollow

Ichigo was walking around with his sisters. They had bugged him to take them to the park, Karin wanted to play football (or soccer if you're American like me) and Yuzu wanted to see the flowers and watch Karin play. So here he was, taking them to the park on a Saturday.

Hey, King wanna spar?

'Not right now Shiro.'

Awww, why not King?

'Because I have to watch my sisters, and people would freak out if I suddenly dropped unconscious.'

While Karin got the ball out and Yuzu picked some flowers Ichigo sat down on the grass. His eyes went wide when he sensed a hollow's reiatsu(sp?). He took out the soul pager he had and texted Rukia.

'At the park with my sisters and there's a hollow here. I lft Kon & my badge at home, come A.S.A.P.'

Ichigo jumped up as he heard a hollows roar. "Ichigo!" It was a big one, and it had Karin, Yuzu was unconscious. He looked around for a weapon and spotted a tree branch. He picked it up and looked at the hollow. There wasn't anything else he could do, he couldn't get out of his body and his control sucked so Kido was out. The only thing he could do was stall for Rukia.

"Hey, You ugly over there! Yeah, you."

It looked at him and dropped Karin. **"You have much more reiastu than this one!"**

It lunged at him, and he jumped to the side. The same thing happened 3 more times before the Hollow went for Yuzu instead. Ichigo was closer to her than the Hollow. He jumped right in the way of its tail.

He felt a burning pain in his stomach. Ichigo looked down, and saw its tail going completely through his stomach. The Hollow pulled its tail out of his torso, and he dropped to his hands and knees, coughing up blood. Well, at least his sisters were all right. He glanced up and saw Rukia split its mask.

The last thing he said before he saw darkness was "Goodâ€| job Rukia".

And that's a wrap, sorry it's short but it's just the prologue. Well I hope you guys like it, bye.

2. Blizzard Hatching

Hey guys, sorry for not updating, I'm not gonna make excuses. But really I'm sorryâ€|Anyway, on to the story. By the way, I'm not going to do Russia's accent unless he's speaking English, because has basically speaking in Russian. He's not going to have an accent in his native language. Russian is also the language that Ichigo will learn first. This is also before he meets anyone. He will eventually meet Belarus and Ukraine as a chibi, but that's not for awhile. I also put in the yak he grew up withâ€|XD

(1) It's some shed fur from the yak that came off when he grabbed it

(2) In the book Eragon took Saphira's (sp?) egg to see what it was, and when they hit it, it made a bonging sound (he's playing Winter,

his character song)

(3) This is before he knew anybody, and he has no idea what a dragon isâ€|

(4) It's a Night fury for those who want to know

(5) Ichi has lost her memory, and has no idea who she is, sorry if she (he before) is oc...

(6) Ichi knows what they are called because Russia does, she can also feel them through their bond(sounds so cheesey)

(7) Russia has no idea what Ichi is, and neither does she

(8) He can hear everything she's thinking

Ivan's P.O.V

Ivan was confused. He woke up in this snowy land months ago, >and was just walking aimlessly. He had absolutely no clue where he was going. He knew he was the land, and that his name was also Russia, but that was it. The past couple months he had been going from cave to cave. He just got to the most recent one.<p>

He walked into the cave, and rolled a boulder in front of >the opening. That was another thing, he really, really strong. He had thrown a yak. Yes, a yak. Well, he did think it was trying to kill him. It was running straight for himâ€| What was he doing again? Fire, make a fire, oh yeah.<p>

He sparked theâ€|uhâ€| what was that? (1)It was fuzzyâ€| Oh well, >it looked like it would burn. He was right, it did burn. Wonderfully. Ivan looked for something to sit on, and saw something reflecting the firelight. He picked it up, it was a pretty something. It was black with green vein-like marks. Maybe he could eat it~! If you are what you eat, he'd want to eat this. He was pretty hungryâ€|<p>

Ivan smiled at it and sat down with it. He took a small rock and hit it against it. It made a pretty sound instead of breaking. He smiled wider, maybe instead of eating it he could play it like an instrument. He had always wanted to play oneâ€| He found lots of differently sized rock, and started hitting them against it. They all made pretty sounds, and he played a (2)random song.

After awhile he started to yawn, and put it down. He curled up on the floor and fell asleep.

(Still) Ivan's P.O.V

When Ivan woke and heard a cracking sound. He sat up and looked around. The something was breaking. He crawled closer, and blinked. (3)A very weird looking lizard-something had come out of it. Well, there goes lunch and a possible instrumentâ€|. (4)It had black scales, and gold eyes with a spade shaped head and claws. It crawled closer to him, and he ran a hand down it's side. Instantly, a cold feeling shot though his arm and it all went black.

...-....0000000000 " " " 000000000000000

When Ivan woke up he felt horrible, like he had slept out in a snowstorm (he had been stupid enough to try it beforeâ€|) He could feel pins and needles in his arms, and wiggled them. Something curled up to his side twitched. He opened his eyes and looked down. There was the somethingâ€| He could feel something, it was weird. It felt like he was connected to it.

Ichigo's P.O.V (First person)

I blinked. Yes, I do that a lot. I looked at the pinkish creature that was stuck with me for life. He (I think, not quite sure) had on (5) a fuzzy coat, pale hair, and purple eyes. I like his (?) eyes. He reached foreword and touched my side. I felt cold rush through me, and learned that yes, he was a boy. Huh, who would have thoughtâ€| but then again I just hatched so I had never seen one of these. I curled next to him, feeling happy. I like
>him.<p>

(6)I felt him start to wake up, and flinched as I felt his pins and needles (what was that, was it some sort of disease?) and looked at him. His eyes went real wide, like big purpleâ€| I don't even knowâ€| I just hatched so I have no idea what the world looks like. Ooh, maybe it's made of cheese~!

On a different note, my boy is getting curious. (7)So am I, what the hell am I anyway?

Ah, a question for another dayâ€| I'm starting to get hungry. Maybe my boy (I'm going to call him Fluffy) will get me something to eat. But first, I'm damn tired...

Later (Ichigo's P.O.V)

When I woke up Fluffy had curled up beside me. He's a lot bigger than me... I hope he doesn't squish me. I still need a name, though. What names do I like...

Ichijo, Ichiko, Ichaho, Ichoji, Ichiro, Ochogi, Ichowoe, Karin... Wait. What? First they all nearly rhyme, and then Ochogi? But I do like the name Karin. Also Ichigo, good name. That's it, Ichigo.

Not a strawberry, dammit!

The fuck? Why did I just think that? Ah, well back to names... I like Ichigo the best. Why is Fluffy looking at me weird? He started giggling, and I gave him my best WTF look. He just smiled at me.

You are very silly, da? (8)

Sure...

I wiggled my nose, and made a small noise. Yes, my Fluffy was a strange one...

Yes! I updated! Would someone please give me some kind of idea for Ichi's human (ish) form. Because I need a way to have her change and not make it stupid... I'll update if I get 2 reviews (please, I can feel the plot slowly dying)... Ichi will also be able to Change onto a normal dragon from Eragon and a few others from How to Train Your Dragon...

3. SOPA: Important!

THIS IS NOT AN UPDATE! I have really, really bad news, SOPA is back. I won't update till March 19th because that's the petition deadline. The reason is because if not, then I won't be updating at all. I live in the United States, and if this law is passed then I won't be able to update anyway. If we make the deadline, then I swear I will update. If not, well then... I guess this is goodbye. Please, sign the petition.

So much fanart will be gone forever, not to mention all those utube video you love will be as well. No more Vocaloid song covers (or any covers in general, goodbye Miku-tan/Jessica Nash, Ashestoashesjc, Jublyphonic, rockleetist, JoyDreamer, adriasurus, Razzy, ect. From what I can tell, all of them are American and from what I can gather, their covers will be illegal), no fanmade videos, and whole websites will be destroyed (yes, all the fanfiction sites...). Here's a petition, please please, Please sign.

So many people won't be able to be apart of the fandoms anymore. Myself included. Contact anyone you can, twitter, facebook, email, IM, anything. Just spread the word and tell them to sign, please! petition
